**Appendix 4: Synopsis of Novel “The Perks of being a Wallflower”**

The story begins by the main character Charlie, is writing a letter to an anonymous pen-pal, someone he is once suggested by his psychiatrist that is really nice and humble and would be able to understand anything about Charlie's life. However, he never meets him, not even once. He starts writing about anything that happens in his life recently, or his perception of things, or even his memory in the past life. Charlie endures a post traumatic events caused by several events that happens to him on his childhood such as death of the two of his closest figure in his life, and also sexual abusing that he had gone through. Afterwards, he becomes a freshman in a high school, but at first, he is too shy to befriend with anyone around the school. Until one day, he meets Patrick and Sam, his senior, and that is when the story of the school life begins. After being very close to Patrick and Sam whom everyone at the school understands that they are very popular, Charlie starts encountering free sex and drugs use. Nevertheless, by doing all those things, it can be such helpful for Charlie as a little bit relief due to his psychological issue such as anxiety attacks. Just because he feels accepted for who he is. On the other hand, Charlie has such a really care-loving family that always supports him in anyway. He has a relatively stable home life like common teenagers in the United States. However, there is this embarrassing family secret that makes him feel repressed for his entire life. At the end of the novel, Charlie's mental breakdown is coming back, and finally he can manage his memory to remember about what happens to him in his childhood that affects his behaviour in present.

## The example of collecting and marking the derivational morpheme in novel “The Perks of being a Wallflower”

This one couple, whom I was told later were very popular and in love, stumbled into my room and asked if I minded them using it. I told them that my brother and sister said I had to stay here, and they asked if they could use the room anyway with me still in it. I said I didn't see why not, so they closed the door and started kissing. **Kissing** very hard. After a few minutes, the boy's hand went up the girl's shirt, and she started **protesting**.

“C'mon, Dave.”

“What?”

“The kid's in here.”

“It's okay.”

And the boy kept **working** up the girl's shirt, and as much as she said no, he kept **working** it. After a few minutes, she stopped **protesting**, and he pulled her shirt off, and she had a white bra on with lace. I **honestly** didn't know what to do by this point. Pretty soon, he took off her bra and started to kiss her breasts. And then he put his hand down her pants, and she started moaning. I think they were both very drunk. He reached to take off her pants, but she started **crying** really hard, so he reached for his own. He pulled his pants and underwear down to his knees.

“Please. Dave. No.”

But the boy just talked soft to her about how good she looked and things like that, and she grabbed his penis with her hands and started moving it. I wish I could describe this a little more **nice**ly without using words like penis, but that was the way it was.

After a few minutes, the boy pushed the girl's head down, and she started to kiss his penis. She was still crying. Finally, she stopped **crying** because he put his penis in her mouth, and I don't think you can cry in that position. I had to stop **watching** at that point because I started to feel sick, but it kept going on, and they kept **doing** other things, and she kept **saying** “no.” Even when I covered my ears, I could still hear her say that.

My sister came in eventually to bring me a bowl of potato chips, and when she found the boy and the girl, they stopped. My sister was very embarrassed, but not as embarrassed as the girl. The boy looked kind of ugly. He didn't say much. After they left, my sister turned to me.

“Did they know you were in here?”

“Yes. They asked if they could use the room.”

“Why didn't you stop them?”

“I didn't know what they were doing.”

“You pervert,” was the last thing my sister said before she left the room, still carrying the bowl of potato chips.

I told Sam and Patrick about this, and they both got very quiet. Sam said that she used to go out with Dave for a while before she got into punk music, and Patrick said he heard about that party. I wasn't surprised that he did because it kind of became a legend. At least that's what I've heard when I tell some kids who my older brother is.

When the police came, they found my brother asleep on the roof. Nobody knows how he got there. My sister was making out in the laundry room with some senior. She was a freshman at the time. A lot of parents came to the house then to pick up their kids, and a lot of the girls were crying and throwing up. Most of the boys had run away by this point. My brother got in big trouble, and my sister was given a “serious talk” by my parents about bad influences. And that was that.

The boy named Dave is a senior now. He plays on the football team. He is a wide receiver. I watched the end of the game when Dave caught a touchdown thrown from Brad. It ended up winning the game for our school. And people went crazy in the stands because we won the game. But all I could think about was that party. I thought about it quiet for a long time, then I looked over to Sam.

“He raped her, didn't he?”

She just nodded. I couldn't tell if she was sad or just knew more things than me.

“We should tell someone, shouldn't we?”

Sam just shook her head this time. She then explained about all the things you have to go through to prove it, especially in high school when the boy and girl are popular and still in love.

The next day at the homecoming dance, I saw them dancing together. Dave and his girl. And I got really mad. It kind of scared me how mad I got. I thought about walking up to Dave and **really** hurting him like maybe I should have really hurt Sean. And I think I would have, but Sam saw me and put her arm around my shoulder like she does. She calmed me down, and I guess I'm glad she did because I think I would have gotten even madder if I started **hitting** Dave, and his girl stopped me because she loved him. I think I would have gotten even madder about that.

So, I decided to do the next best thing and let the air out of Dave's tires. Sam knew which was his car.
