

CHAPTER IV

CONCLUSION AND SUGGESTION

In this chapter the researcher present the conclusion and suggestion dealing with the finding that has been discussed in previous chapter. The conclusion is summarizes and answers of research focus.

A. Conclusion

Based on the result of Analysis Of Code Mixing On Whatsapp Daily Status Of Pamekasan Army Kpopers, the researcher concluded that there were two points of findings, as bellow :

1. The researcher found of kind language often used by pamekasan army kpopers. The writers mostly use a mixture of indonesian, English and Korean language. In Korean the author use two variation language, namely romawi and aksara. The researcher found 12 data that the author used English + Indonesia language. And 8 data that the author used English + Indonesia + Korean language.
2. The researcher found two type of code mixing that used by Pamekasan Army Kpopers, namely insertion and alteration. The researcher found 20 data from Whatsaap Army account. The researcher found 11 data of alteration and 9 data of insertion.

B. Suggestion

Based on the result of the research that has been carried out, then the advice that can be given is as follows:

1. For the student, student should make caption not only read the caption, but also to see the meaning convey by caption. The caption will be add knowledge in your language.
2. For researcher, researcher should get evaluation and correction from the result of the research that has been made, so that in future the better.
